Home in the Islands™

A HENRY KAPONO & FRIENDS CONCERT

Oh, What a Night! The HITI Concert was Epic!

Thousands came together to celebrate the Soundtrack of Hawai'i and it truly was an *unforgettable live music experience!*

Henry and his six-piece band performed favorite hits throughout the music showcase, jamming with award-winning and legendary entertainer after entertainer, for an exciting show that left everyone in the crowd (and backstage) elated with emotion, singing, hugging and dancing to every song. The artist's energy and collaboration on-stage was amazing! Equally magical, the backstage was filled with laughter, fun and excitement for the artists & it flowed right onto the stage and into the audience. The synergy & connection of all was palpable.

Home in the Islands is a metaphor for local living and an opportunity to celebrate our people and our home, while welcoming our visitors to share in the experience of who we are. HITI's music brought a massive amount of people from all over the globe together in fellowship and love for our island home. It really was a good time together and we can't wait to do it again! ***Mahalo nui loa to everyone who joined us and helped create such a memorable experience for our community. Stay tuned for 2023 announcements!***
